CLT TERMS OF REFERENCE

GUIDING PRINCIPALS

The CLT is committed to being open, fair, impartial, and non-discriminatory. We commit to creating opportunities and removing barriers for members of equity-deserving groups, including Indigenous peoples, visible minorities, persons with disabilities, and individuals who are LGBTQ2S+. We seek to create, maintain and sustain a more just and harmonious world. We contribute to social impact, innovations, and the welfare and dignity of individuals and communities.

ADVANCING COMMUNITY INCLUSIVE RESEARCH

CTN+'s renewed vision highlights the importance of community engagement from the very beginning of the research process — identifying research priorities, developing research questions, designing protocols, and implementing projects, as well as disseminating results.

PURPOSE

The Purpose of the CIHR Pan-Canadian Network for HIV and STBBI Clinical Trials Research (CTN+)'s Community Leadership Team (CLT) is to support leadership, oversight and guidance from community stakeholders on setting CTN+ research priorities and mentoring.

CLT PILLARS

COMMUNITY ENGAGEMENT

Community engagement starts at IDEA.

REGIONAL KM LIAISONS AND COMMUNITY THINK TANK CO-LEADS

CAC's fundamental question was:

"IF YOU WERE ELIGIBLE, WOULD YOU PARTICIPATE?"

PROTOCOLS

- Development
- Community Engagement Strategy
- Informed Consent
- Community Compensation

ENGAGEMENT

- Collaboration
- CBO/ASO partnership
- Recruitment Strategy
- Community Outreach

CAPACITY

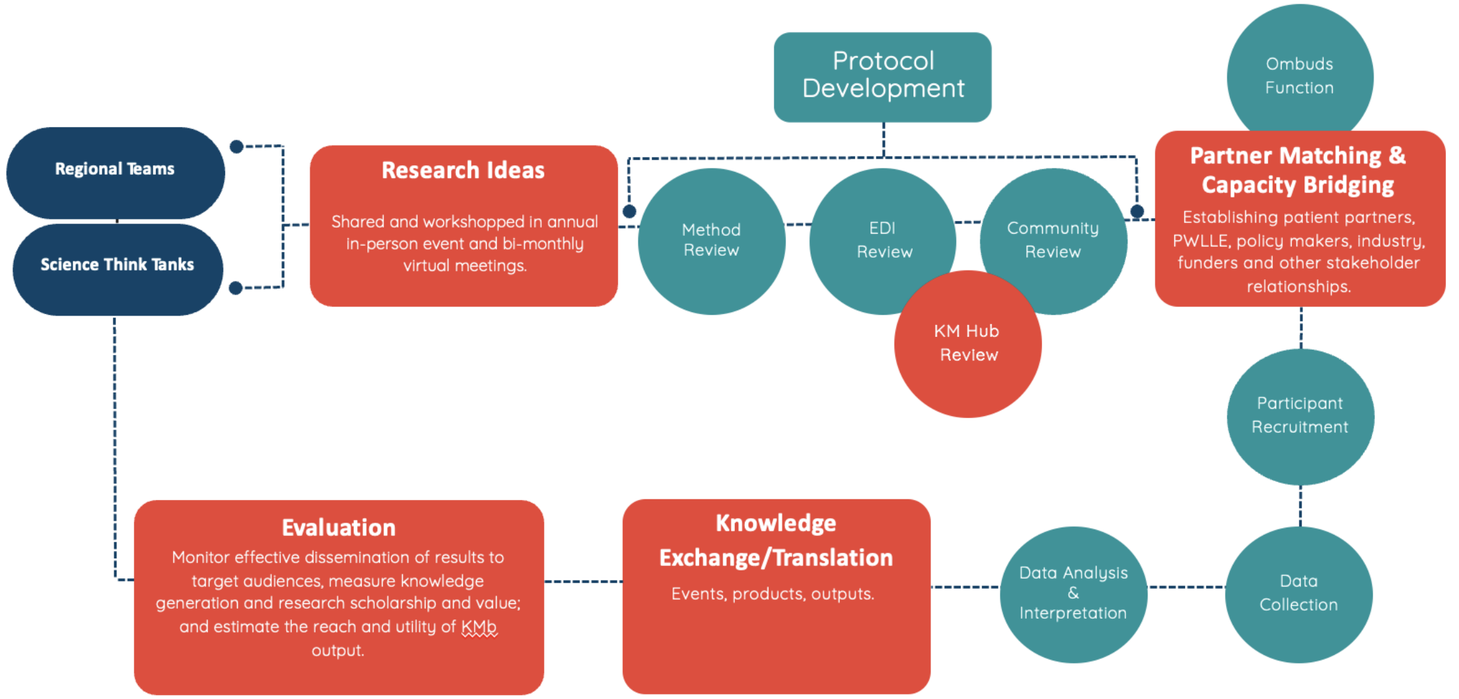

- Community Roster
- Education, Training
- Mentorship
- Community Science Champion Program

KNOWLEGDE

- Translation
- Mobilization
- Dissemination
- Policy & Practice Implementation

Demographics:
Regions

The majority of respondents are from Ontario, followed by Alberta. Other provinces and territories are under-represented.

Demographics:
Gender

The gender split between men and women are fairly equal, with slightly more men.
Nonbinary and gender-diverse identities are relatively low.
